## WHAT'S OUR STORY?

More than 50 years ago, Sal Cirella opened his first restaurant in New York City. Sal grew up listening to his mother's glowing stories of her childhood in Italy, while eating the wonderful dishes from recipes she brought along with her memories. This was the foundation and inspiration for not only his sumptuous authentic cuisine, but the warmth and ambiance of the entire Italian dining experience he wanted to duplicate in his restaurant.

Now, joined by his sons Dean and Michael, Sal brought his restaurant from NYC to Melville, Long Island, where the family has introduced this unique dining experience that is **Cirella's**. The addition of a second generation introduced innovative interpretations of superb traditional Italian specialties that have been the Cirella's trademark for so many generations of NYC and Long Island diners. We're sure that once you experience the authentic Italian flavor and culture of Cirella's - for lunch or dinner - you'll become, like so many before you, "al la familia"...**one of our family.**

No matter where you find yourself... around town or on vacation... you can visit a Cirella family operated restaurant in many locations. When shopping, visit us at **Cirella's at Saks 5th Avenue**, Walt Whitman Mall, Huntington. When you go to the beach, go to **Surf's Out**, Kismet, Fire Island, or when hiding from the snow, look for us at **Cirella's** in Bonita Springs, Florida. Each restaurant is managed by a family member, which means only one thing, you can always find a Cirella around. "Our family serving yours", has become our slogan over the years. We are here to serve you and to make sure you enjoy a memorable authentic Italian dining experience. If you're curious where the whole "Sushi thing" came from ask Joan Remnick, Newsday: - "3rd Best Sushi on Long Island" 2008.
